

# Harewood 10 mile Trail Race

Sunday 9th October 2005

## Provisional Results

as at 16 October

We're pretty sure that these are correct, but please let me know (v.s@virgin.net) if you spot any problems or can identify the person in 484th place.

Carl Thackery and John Wangobi have been allocated 6th and 7th places. A marshal was missing with just 250 yards to go with them clearly in 1st and 2nd places. They approached the finish from the wrong direction and did not actually cross the line but these positions represent the time that they actually finished.

Since we advertise the course as well-marshalled and it was not their error that they went the wrong way we have made an ex-gratia payment to them.
